

Wrist *measuring*

1. Print this page at 100% actual size (A4) to get a measurement of your wrist.

To ensure this page is accurate, with a rule measure the line below

2. Cutout the measuring strip on the right of the page

3. Wrap the measuring strip around your wrist where you would normally wear a watch. Make sure you don't wrap it too tightly.

4. Use the guide on the measuring strip to work out what size strap you need (regular, medium or large)

5. Visit the following URLs to determine the best size for your wrist:

22mm Straps (Axis, Pure, TT, Revival)
